This is a list of potential questions and our answers that the agency might get after the approval of the aldicarb new use on oranges. For potentially high visibility actions, it is not uncommon for our communications team to prepare potential questions and our responses so they can have a consistent and accurate response. We would not be giving these responses to outside folks, that is for the communications team.

Good Afternoon Team,

Debra and I have drafted some Q&As for Aldicarb and have attached them for team review. We are requesting review by your team, including but not limited to edits and adding additional questions and answers, that can be released when the new use is announced.

Please send Debra and I your feedback by COB Monday January 4, 2021.

Best Regards,

Shanta Adeeb, M.S.
